SOURCE PAPERS

LIA Terms of Reference V3-1 (academic
only)
Majo e-School Bridge Financial Proposal 2
(MBT-LIA-FIN-2026-01, 14 September 2026)

WHAT IS PRICED HERE

45 TOR academic modules at the published
unit prices, plus the one-time
implementation fee, plus VAT 15%.

VALIDITY

90 days from the date of this proposal.
Contract currency: Ethiopian Birr.

This paper answers the TOR financial request. LIA asked for a financial proposal on the attached Terms of Reference. Schedule A keeps only the modules that deliver TOR sections 5.1–5.21, roles (§6), privacy/go-live (§8, §10, §11), and the administration desks needed to operate that academic system. Finance, payroll, procurement, inventory, and HR are excluded because TOR §3.2 excludes them. Full transport, CCTV, library, gallery, Maya Assistant, and system-health desks are also out of this pack. Every unit price and the 500,000 ETB implementation fee are taken from Financial Proposal 2. VAT 15% is added in Schedule B.

1. Purpose and scope

This financial proposal is a one-time commercial offer of **Majo e-School Bridge** to Lebawi International Academy, filtered to the academic scope in **LIA Terms of Reference V3-1**. The Academy purchases a licence to the 45 modules in Schedule A, together with one-time customization and go-live. Unit prices are copied from **Majo e-School Bridge Financial Proposal 2** (document MBT-LIA-FIN-2026-01). They are not renegotiated here.

The complete-platform list in Financial Proposal 2 had 59 modules at 4,120,000 ETB plus implementation, VAT exclusive. This paper removes the 14 modules that sit outside the TOR academic pack. The remaining 45 modules total **3,155,000 ETB** VAT exclusive. Implementation stays **500,000 ETB**. VAT at 15% is then added.

2. What this proposal covers

- One-time licence to each of the 45 TOR academic modules at the unit price in Schedule A.
- One-time customization and go-live of 500,000 ETB, covering policy alignment, data load, branding, training, and launch.
- Four login portals included with this pack: Administration/ERP, Teacher, Parent, and Student. They are not sold as modules.
- The right to operate the selected modules on web and mobile app for Lebawi International Academy.

3. What this proposal does not cover

- Finance and billing, procurement, inventory/store, and human resource management — TOR §3.2.
- Payroll, live GPS, full transport operations, buses, driver register, CCTV, digital-operations desk, library, gallery, Maya Assistant, and system health — not required by TOR academic sections 5.1–5.21.
- Subscription or SaaS fees; annual support retainers; recurring hosting, SMS, or payment-gateway charges.
- Hardware, cameras, GPS devices, or school-owned equipment.
- The Driver portal. It is offered only with a later transport pack, not with this academic TOR order.

Recurring charges stay separate. Subscription, annual support, and hosting retainers are not in this document. They will be issued in a separate financial proposal, as stated in Financial Proposal 2.

4. Commercial conditions

1. Minimum order remains 25 modules. This TOR pack is 45 modules and therefore qualifies.
2. Each selected module is charged at its published unit price from Financial Proposal 2.
3. Four academic login portals are included. They are not sold as modules.
4. Customization and go-live is a one-time implementation fee of 500,000 ETB, payable with the module licence.
5. This offer is valid for 90 days from 23 September 2026. Unit prices and the implementation fee are VAT exclusive. VAT at 15% is added in Schedule B.

5. Price categories

Every module belongs to one published price category from Financial Proposal 2. Category names describe the commercial band, not a ranking of the school's offices.

Category	Unit price (VAT exclusive)	In this TOR pack	Line total (ETB)
PREMIUM	95,000 ETB per module	10 modules — markbook, SIS, LMS, exams, attendance, safeguarding, reports, go-live, roles	950,000

HIGH	75,000 ETB per module	14 modules — curriculum, admissions, support, messages, audit, and related workflows	1,050,000
MID	65,000 ETB per module	11 modules — defined academic desks, calendar, events, QA, school setup	715,000
STANDARD	50,000 ETB per module	6 modules — alumni, campus, teacher and administration staff lists	300,000
LITE	35,000 ETB per module	4 modules — portal preferences, password help, settings, home view	140,000
Schedule A • 45 TOR modules			3,155,000

6. Payment

- 40% on signing of the agreement — 1,681,300 ETB including VAT.
- 40% on delivery of the selected modules for user-acceptance review — 1,681,300 ETB including VAT.
- 20% on go-live — 840,650 ETB including VAT.
- The contract currency is Ethiopian Birr. VAT at 15% is included in the instalments above (they split the Schedule B total of 4,203,250 ETB).

7. How the TOR was filtered

Financial Proposal 2 listed every shipped Majo e-School Bridge module so a school could pick 25 or more. LIA's TOR is academic only. This paper therefore keeps a module only when it delivers a numbered TOR requirement, or when the academic system cannot be operated without it (roles, audit, school setup, staff lists, portal settings).
