Prepared for **Lebawi International Academy (LIA), Addis Ababa**

DOCUMENT

MBT-LIA-FIN-2026-07 · 23 September 2026
 Combines LIA TOR V3 and Financial Proposal 2 (MBT-LIA-FIN-2026-01).
 Valid 90 days. Contract currency: Ethiopian Birr.

HOW TO CHOOSE

Take **Option 1** (TOR 5.1–5.21) or **Option 2** (TOR plus leftover modules). The 500,000 ETB customization and go-live fee is charged once in either case.

Implemented. Every TOR 5.1–5.21 module is live. Leftover modules are the rest of the published Majo e-School Bridge list (finance, people, transport, campus, library, and related desks). This paper prices them so LIA can take the TOR now, or the complete platform, without a second commercial story.

1. What this paper does

This is one financial proposal made from two source papers: the TOR V3 academic list and Majo e-School Bridge Financial Proposal 2. TOR modules 5.1–5.21 are priced by difficulty (not one average). Those 21 lines add to **2,430,000 ETB**. Customization and go-live is **500,000 ETB**, so the TOR choice is **2,930,000 ETB** before VAT.

The balance from Financial Proposal 2's complete-platform total of **4,620,000 ETB** is **1,690,000 ETB**. That balance is allocated across the leftover modules (the desks that sit outside TOR 5.1–5.21). Add them to the TOR pack and the complete platform is again **4,620,000 ETB** before VAT: 2,430,000 + 1,690,000 + 500,000.

The **500,000 ETB** customization and go-live fee applies in both calculations. It is not added twice if LIA later moves from Option 1 to Option 2 — only the leftover-module line of 1,690,000 is added.

2. The two options

Line	Option 1 · TOR only	Option 2 · complete platform
Schedule A · TOR 5.1–5.21 (difficulty-priced)	2,430,000	2,430,000
Schedule C · leftover modules	—	1,690,000

Customization and go-live (same fee, both options)	500,000	500,000
Sub-total · VAT exclusive	2,930,000	4,620,000
VAT 15%	439,500	693,000
Total payable · including VAT 15%	3,369,500	5,313,000

Check: TOR modules + leftover modules = 2,430,000 + 1,690,000 = 4,120,000. Plus the shared 500,000 customization = **4,620,000**, matching Financial Proposal 2.

3. Payment

When	Option 1 (incl. VAT)	Option 2 (incl. VAT)

40% on delivery for user-acceptance review	1,347,800	2,125,200
